Report of Principal and School Improvement Council

North Myrtle Beach Middle School's students and staff experienced a successful 2007-2008 school year in a variety of areas.

Our students achieved a number of noteworthy academic achievements. Eight students were designated as Duke Tip Scholars based on their performance on the SAT, and 45 eighth grade students qualified as South Carolina Junior Scholars based on their performance on the PSAT. One hundred and seven students were inducted into Junior Beta Club based on their academic achievement. The school's Mathcounts Team placed fourth in regional competition, and two members of the team competed at the state level in the individual competition. The school's Mock Trial Team was one of the winning teams in regional competition and was first runner-up at the state level.

Our students also achieved a number of accomplishments in the fine arts area. Twenty-one students were selected to perform in All County Chorus, ten students were selected to perform in All County Orchestra, and seven students were selected to perform in All County Band.

The school continued to offer a strong academic program for all students. The following classes were offered for high school credit: English I Honors, Algebra I Honors, Geometry Honors, Keyboarding and Computer Applications.

The school continued to participate in two initiatives: Teachfirst and Making Middle Grades Work. Through these initiatives, the staff committed to a school-wide focus on literacy across the curriculum. Through Teachfirst, our staff worked in professional learning communities which continued the previous year's goals of organizing students as they entered the classroom and teaching all students to take Cornell notes. Three new goals were added this year: sustained silent reading each day throughout the week, teaching academic vocabulary in each discipline, and summarization of material.

Another accomplishment was the success of our eighth grade transition program to prepare our students to leave the middle school and begin high school. Our guidance department held conferences with all eighth grade students and their parents to develop an individualized graduation plan. To complete the transition process, three transition nights for students and parents were held at the high school.

North Myrtle Beach Middle School received an "All Clear" accreditation status from the State Department of Education for the year and continues to be accredited through the Southern Association of Schools and Colleges. The school met the state objective for having "highly qualified" teachers with 100% of our staff meeting that objective.

We are proud of the successes of our students and staff this year, and we continue our journey towards excellence in our "Quest for the Best" for the students of North Myrtle Beach Middle School.
