

Office 2007 Upgrade Now Self Service

The Office 2007 upgrade is now available on the LANDesk Software Distribution Portal to teachers and staff with computers that qualify for the free upgrade. If you have a Dell Optiplex 740, Latitude D520, Latitude D531, Latitude D820, Latitude D830, or a Latitude D620 you can now get an upgrade to Office 2007 without waiting for a technician.

You can get to the LANDesk Software Distribution Portal by logging in as a teacher and going to Start→Program Files→LANDesk Management→LANDesk Software Distribution Portal.

Once you Launch the LANDesk Software Distribution Portal you will see a the option for the “Office 2007 Install and Upgrade”

Check for Additional Software

You will see the Office 2007 installation launch and it will automatically install all preconfigured options.

When finished the status will change to complete and you are ready to begin using Office 2007.

The screenshot shows the "Software Deployment Portal" interface. It features the LANdesk logo and a table of available downloads. The table has columns for "Install", "Status", "Name", "Description", and "Time Last Run". An arrow points from the text above to the "Complete" status of the "Office 2007 Install & Upgrade" entry.
